March 24, 2020

Dear Valued Customer,

American Flexible manufactures custom products for many industries that are considered "Essential Critical Infrastructure" according to the guidelines provided by Department of Homeland Security. These include medical equipment manufacturers, emergency vehicle manufactures, food processing manufactures, and the defense industrial base.

We intend to remain open and fully operational, in full compliance with State and Federal law so that we can continue to ensure Critical Manufacturing production and supply. We are also working closely with our supply chain to ensure continued supply of our purchase requirements.

Should you have any questions or concerns regarding this communication, please contact your Sales Engineer or Customer Service Representative.

Best Regards,

Carla Mathiason
